**Blindness Support Services; Children's Program Manager**

BSS specializes in providing ideas for each child care center to include the blind and visually impaired. In addition, BSS is able to share ideas that will enable the children to gain independence with the use of every day items. Overall, the goal is to equip every child care facility, its staff and child care providers with the capability of serving children with visual impairments from all of our communities.

**REGISTRATION IS LIMITED TO THE FIRST 50 RESPONDENTS**
